American Drum Orff Mallets

So simple...it's elementary!

American Drum innovation, design, and craftsmanship have set the standard for Orff Mallets over the past thirty years:

- *Tough nylon shafts* for durability
- *Color-coded heads* for fast recognition
- *Big vinyl grips* for easy handling
- *Reasonably priced* for any budget

Maybe it's time *you* discovered why American Drum mallets are the choice of teachers worldwide!

ORFF Mallets

NEW

P35 Thunderously Soft "PUNKINHEAD" Contrabass

P32 Rhythmically Distinct Contrabass

"American Drum mallets are the best I've ever used for Orff instruments. The P32s are the perfect complement to the rest of the set... lots of fundamental pitch, volume and rhythmic clarity. They will add a lot of punch to any Orff ensemble!"

Walt Hampton

NEW

P82 A Great New Mallet!

American Drum's brand new P82 mallet is designed specifically for hand held drums. You will be pleased with the unique construction of this mallet. The head consists of beautifully hand-crocheted yarn covering a solid 1-1/2" cork ball. The head is then affixed to an American Drum durable nylon shaft, complete with a comfortably thick vinyl grip.
